CITY NIGHTS

inspired. inspiring

At night, the city comes alive with colour. Lights are the heart of every city, illuminating the night bringing an essence of glimmer and life.

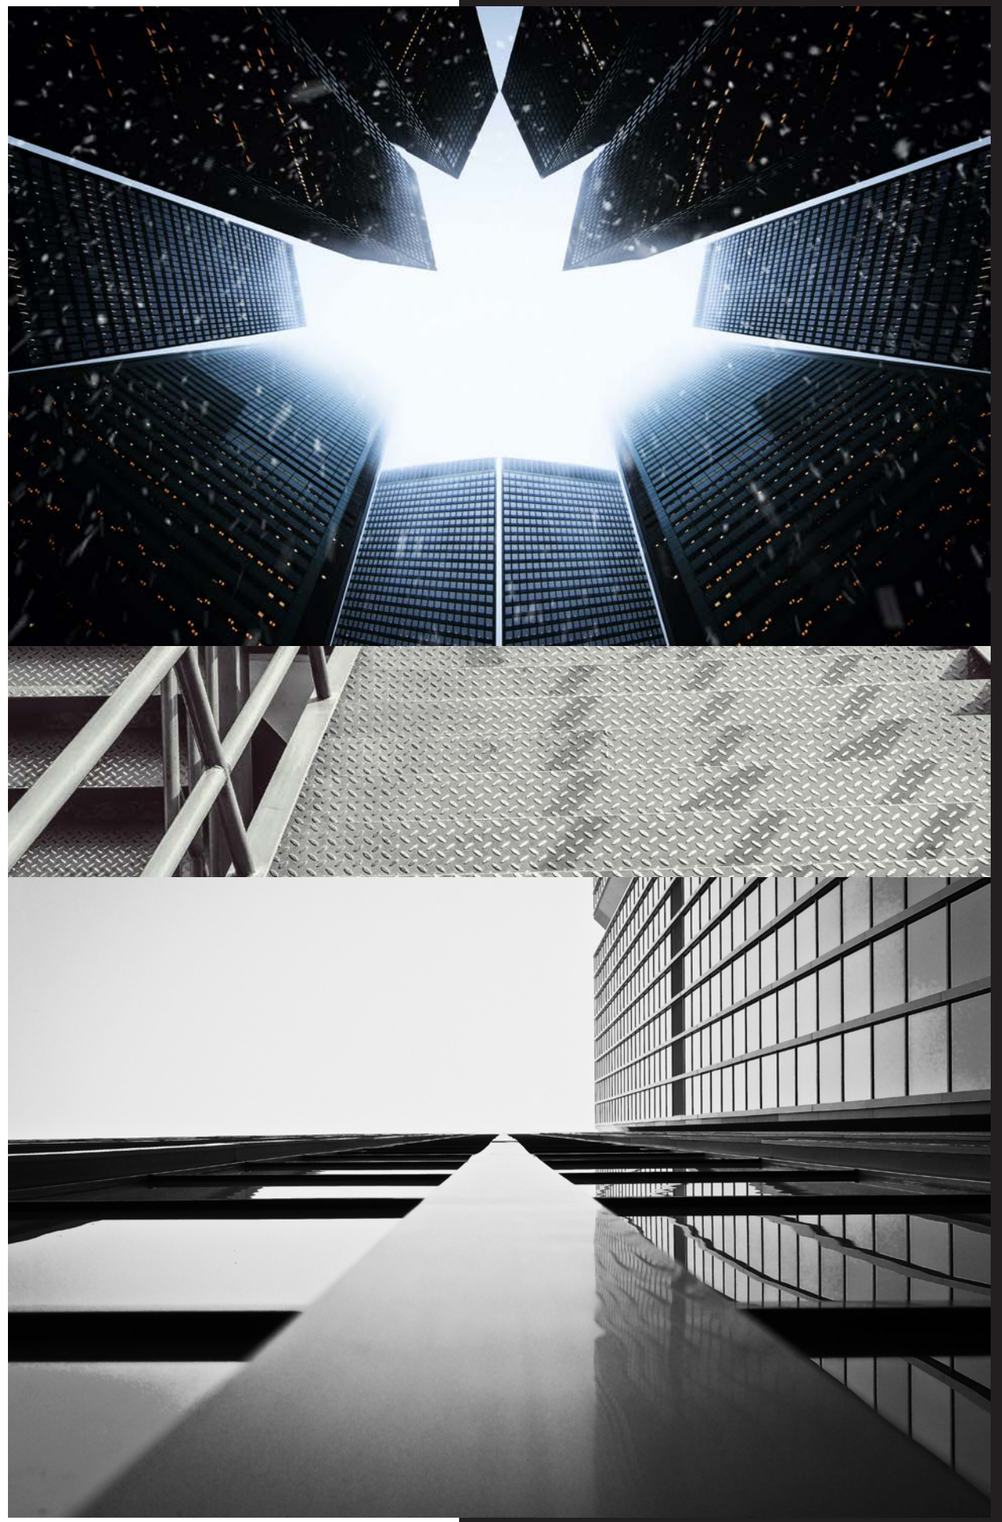

City Nights collection embodies the beauty of illuminous glow which the city lights project to the built and natural environment. A fusion of light, movement, night sky and blurred kaleidoscope of colour is embossed into organic and layered geometrical patterns, which translate the visual image of the city life landscape.

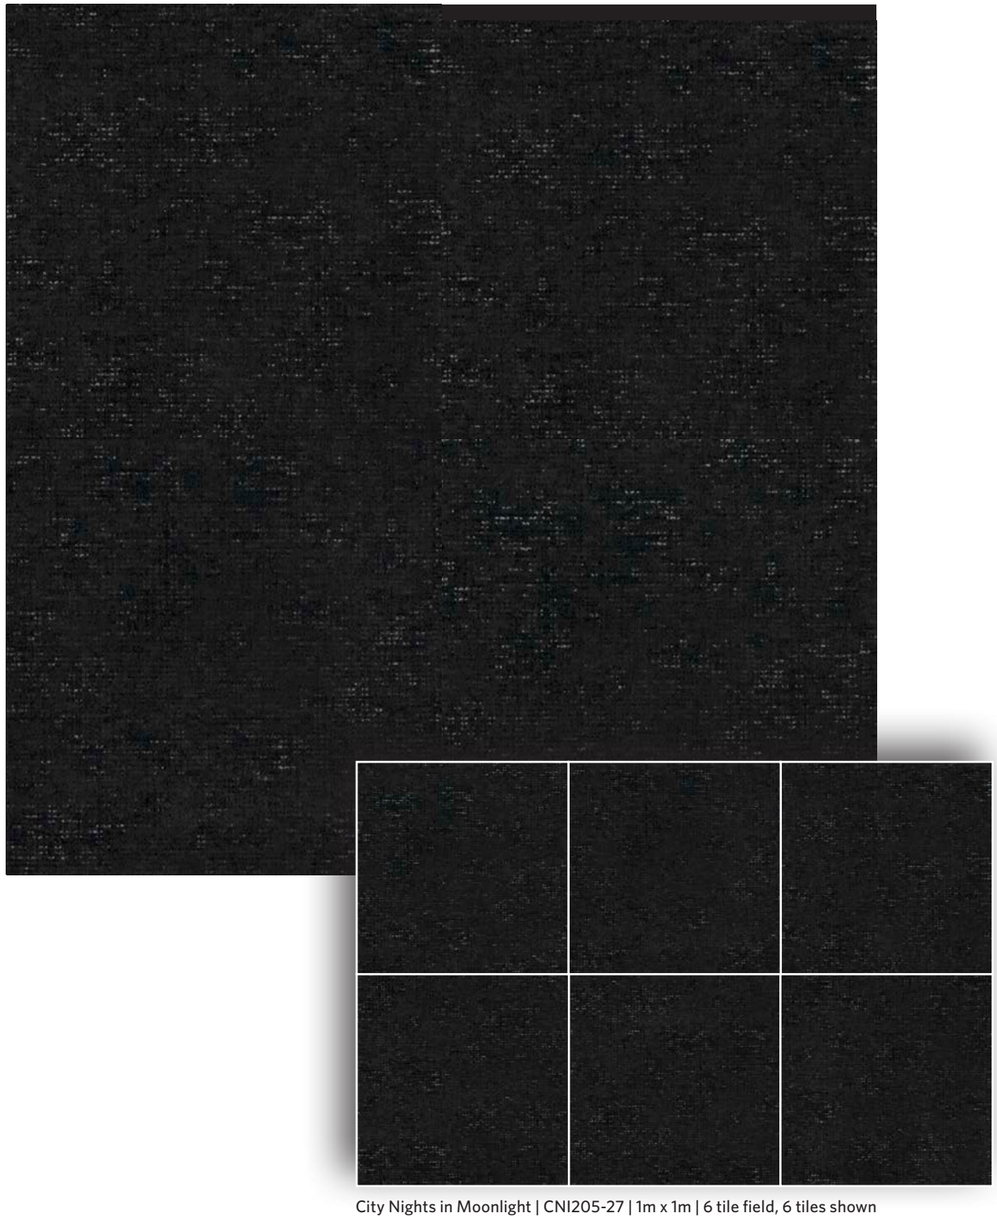

CITY NIGHTS

CITY NIGHTS GEOMETRIC

An element of sophistication and tranquility encapsulates the cool colour palette visible in City Nights and City Nights Geometric designs. Venturing into the thickness of the night and experiencing the power of nocturnal habitat of colour and texture, allows the collection to decode the structures and hues of the landscapes visual perception to the floorscape.

CITY NIGHTS

CITY NIGHTS GEOMETRIC

The city is an architectural labyrinth, revealing and obscuring different elements while reflecting mesmerising tinges of subtle hues from sky glow to street lights. The warmth and natural luminance invites opportunities for exploration and discovery to the immediate surroundings and an engagement with a sense of place.

CREATING A BETTER WORLD

Milliken supports the Property Industry Foundation

Milliken is a proud partner of the Property Industry Foundation, an organisation devoted to alleviating the problem of youth homelessness. The Foundation builds homes for homeless youth and provides ongoing support for homes where young people can rebuild their lives.

Homelessness is one of the most severe forms of disadvantage and social exclusion that any young person can experience. Youth homelessness affects 44,000 young Australians every night and understanding the scale of this issue, we were compelled to get involved and help in the great work the foundation is doing.

The City Nights collection is part of the 'Product Pathway'. The 'Product Pathway' is a unique fundraising model created by Milliken for the Property Industry Foundation where a contribution from every dollar of sales is donated to the foundation to build homes for homeless youth. The aim of the product pathway is to provide a regular and sustainable fundraising stream and with your help, we can keep assisting the Property Industry Foundation in tackling the issue of youth homelessness.

The Foundation's mission is to make a tangible difference to the serious and persistent problem of youth homelessness by partnering with respected charities to build safe environments and support charity managed initiatives focused on education, employment and well-being.
