

COLOUR CONNECT 2.0

Milliken™

# COLOUR CONNECT 2.0

*Our sensory experiences are shaped by the multitude of colours, shapes, textures, and patterns that surround us daily. These elements possess an undeniable influence on our mood, emotions, connections, and thoughts. Introducing Colour Connect 2.0, a collection that embraces this transformative power of colour. With a wide range of muted soft hues, along with organic and structured aesthetics, this collection effortlessly connects and flows through large spaces. It can seamlessly transform any environment while catering to diverse aesthetic and design preferences. Immerse yourself in the dynamic and panoramic possibilities of Colour Connect 2.0, creating an environment that will truly captivate and inspire all who experience it.*

# New Colours. Multiple Options.

*The Colour Connect 2.0 collection offers the  
Linx design in new colours to accentuate  
your choice of hues with texture and tone.*

Top to Bottom: Linx in Crimson Red (LIX133-263) and  
Cajun Moon (LIX178-261) | Brick (Horizontal) Installation

# Linx

The Linx pattern is available in a palette of 30 captivating colours, exuding a graceful and organic aesthetic. This versatile design can be used to seamlessly cover expansive spaces and be paired with other Milliken collections, for harmonious combinations.

Left to Right: Linx in Deep Sun (LIX178-134), Desert Sand (LIX41) and Harvest (LIX133-231) | Brick (Horizontal) Installation

Milliken  
COUTURE

 **CONCEPT**

Begin your custom carpet journey with your own design or simply recolour an existing Milliken pattern.

 **DESIGN**

Collaborate with our design team to create flowing patterns, complex effects or evolving colour palettes.

 **REFINE**

Fine tune your preferred design to ensure it meets all the design, technical and quality requirements for your project, then receive a full size sample for review.

 **PRODUCE**

Our innovative Millitron® manufacturing technology guarantees quick production and despatch within 3 weeks of order placement.

# It takes humans to protect humanity.

Make changes to end climate change.  
Design a better future.

**M/PACT™**  
CARBON NEUTRAL PROGRAM

## CLIMATE CHANGE IS ONE OF THE GREATEST THREATS FACING HUMANITY, AND WE ARE ALL RESPONSIBLE.

That's why Milliken Floor Covering launched the **M/PACT™** carbon neutral program. Today, our carpet, LVT and entrance flooring tiles are carbon neutral everywhere in the world.

M/PACT carbon neutral products offset the raw materials and manufacturing carbon footprint\* by using 3rd party Verified Carbon Standard Credits that support renewable energy and carbon reduction technologies to help fight climate change. When you choose M/PACT products, you can be sure your choice is carbon neutral.

SCAN TO LEARN MORE ABOUT  
OUR CARBON NEUTRAL PROGRAM

**M/PACT™**

**M/PACT™**  
CARBON NEUTRAL PROGRAM

### Investment

Today we invest through renewable energy credits, verified carbon offsets, and installing solar power at our Sydney manufacturing facility. We also continue to invest in more efficient manufacturing technologies and in local supply chains.

### Materials

We believe material health is essential to enable circularity. The use of materials that don't contain harmful chemicals provides a critical pathway to end-of-life product recycling. Our carpet, LVT and entrance flooring tiles are recyclable.

### Dematerialisation

We continue to support the advancement of a circular economy – one that uses less new raw materials and creates less waste. For example, we have created a portfolio of carpet tiles that use less raw material, reducing embodied carbon. We will continue to challenge ourselves and our supply chains to extend innovation in new technologies for dematerialisation.

### Manufacturing

We leverage our global manufacturing and local supply chains to minimise carbon emissions. More efficient manufacturing and distribution not only reduces our global carbon footprint, it also has a direct positive impact on the communities we call home.

### Wellness

Climate change directly impacts human health and wellness. Pollution. Natural disasters. Droughts. As a founding member of the Well Living Lab and a Well Portfolio Member, we aspire to design products that enhance well-being and quality of life of indoor spaces.

### We will continue to do more to lower our carbon footprint.

The M/PACT™ program is long-term, because the fight to stop climate change will be a long one. As a global manufacturing company, we set 2025 goals that align with the United Nations Sustainable Development Goals. We push ourselves to meet our targets on Planet, Product, and People, including a 25% reduction in indexed greenhouse emissions by 2025. These 2025 goals are a benchmark for us to achieve more, faster. We encourage you to specify our carbon neutral products for all of your projects to ensure the climate change journey continues.

Together, we can make a positive **M/PACT™** on the world for generations.

\* As calculated and verified scope A1-3 GWP through a ISO14025/ISO14040 compliant LCA and published in third party EPDs.

# Self-sanitising Carpet

## Integrated Infection Control

MGUARD+ treatment kills 99% of the SARS-CoV-2 virus within 2 hours of contact with Milliken PrintWorks™ carpet tiles.

MGUARD+ treatment kills 99% of *S. aureus*, *E. coli*, *K. pneumoniae* in 24 hours as per AATCC 174-2.

Duration of protection varies with use.

Powered by HealthGuard®.

Only available in Australia and New Zealand.

Declare.

Left to Right: Linx in Sisal Weave (LIX21) and Sunset (LIX128) | Brick (Horizontal) Installation

# WellBAC®

Milliken WellBAC® open cell foam cushion provides superior durability, appearance retention and cushioning.

### UNDERFOOT COMFORT

Up to 24% greater underfoot comfort for enhanced ergonomics whilst standing.

### ACOUSTIC VALUES

Up to 50% improved acoustics for quieter, more productive spaces.

### INDOOR AIR QUALITY

Enhanced Indoor Air Quality (Green Label Plus™ Certified Low VOC) for improved occupant and installer well-being.

### MOISTURE MITIGATION

Industry leading moisture management with non-reactive backings to enhance the installation process, saving time and money.

### MATERIAL HEALTH

3rd party Verified Declare™ Red-List Free products for occupant and installer well-being.

### CIRCULARITY

100% Recyclable through the Milliken N/XT LIFE™ circularity program for both installation waste and end-of-life.

### FACE FABRIC

Patterns and structures made up of nylon yarns with our state of the art tufting technology.

### PRIMARY BACKING

The face yarn is tufted through a high quality non-woven textile. The structure of the textile holds the yarn in place acting as the primary backing.

### PRECOAT

The precoat layer locks the tufted yarns in the primary backing to ensure good tuft bind strength between the yarns and the backing.

### FIBERGLASS

A high quality fiberglass layer is embedded in the polyolefin compound to ensure dimensional stability of the tile.

### SECONDARY BACKING

Proprietary Polyolefin compound layer formulated by Milliken R&D scientists to create a durable and stable tile. Our formulation does not contain PVC or plasticizers.

### PREMIUM CUSHION

WellBAC® Comfort and Comfort Plus incorporate a premium cushion layer, designed to provide additional health and wellness benefits. Milliken's cushion is made from recycled polyurethane foam.

### FELT BACK

A protective non-woven textile layer provides a breathable non-reactive finish. It enhances health and wellness.

**Milliken's standard cushion backing system — offering enhanced underfoot comfort, acoustic and wear performance.**
