INSPIRED SERIES

A spectacular and ingenious bunch, mushrooms and fungi have taken a distinctly different approach to life. Their finely intricate structures allow them to thrive universally, and give them an array of aesthetics that are whimsical and wondrous.

Inspired by the unusual patterns in their forms, we've broken down the essential elements and created a grouping of patterns that attempt to reinterpret that magic of the mushroom.

Stipe insets (1m x 1m tile field) | Monolithic Installation

DENDRITIC

Dendritic is a total deconstruction of a mushroom, leaving essential visual qualities, like the striations of the stem, bright pops of colour from the caps, and of course the complicated network of mycelium, creating the structure of both the individual and the whole.

Stipe is the simpler, more understated companion to Dendritic. Overall textures and more straight-forward colouration make it a giving collaborator or a nice stand-alone option for subtlety.

CREATING A BETTER WORLD

Milliken supports the Property Industry Foundation

Milliken is a proud partner of the Property Industry Foundation, an organisation devoted to alleviating the problem of youth homelessness. The Foundation builds homes for homeless youth and provides ongoing support for homes where young people can rebuild their lives.

Homelessness is one of the most severe forms of disadvantage and social exclusion that any young person can experience. Youth homelessness affects 44,000 young Australians every night and understanding the scale of this issue, we were compelled to get involved and help in the great work the foundation is doing.

The Inspired Series collection is part of the 'Product Pathway'. The 'Product Pathway' is a unique fundraising model created by Milliken for the Property Industry Foundation where a contribution from every dollar of sales is donated to the foundation to build homes for homeless youth. The aim of the product pathway is to provide a regular and sustainable fundraising stream and with your help, we can keep assisting the Property Industry Foundation in tackling the issue of youth homelessness.

The Foundation's mission is to make a tangible difference to the serious and persistent problem of youth homelessness by partnering with respected charities to build safe environments and support charity managed initiatives focused on education, employment and well-being.
