
CREO
Milliken

Creo.

express yourself

Powerful in messaging yet unrestrained in approach, Brazil's famous street art scene has introduced new avenues for artists and inspires on a global level. This modern, moving approach serves as the very inspiration behind Creo. Featuring three vibrant colourways Sao Paulo, Rio, and Brasilia, offered in three lively pattern families, Creo emulates the expressions found lining the streets of Brazil. With the robust offering of three production methods this collection seeks to emote and inspire.

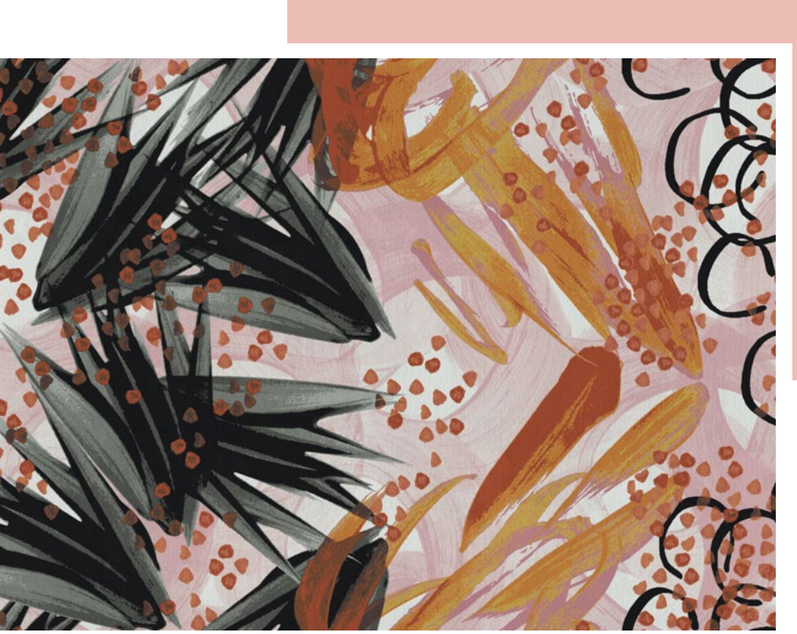

SAO PAULO. RIO. BRASILIA.

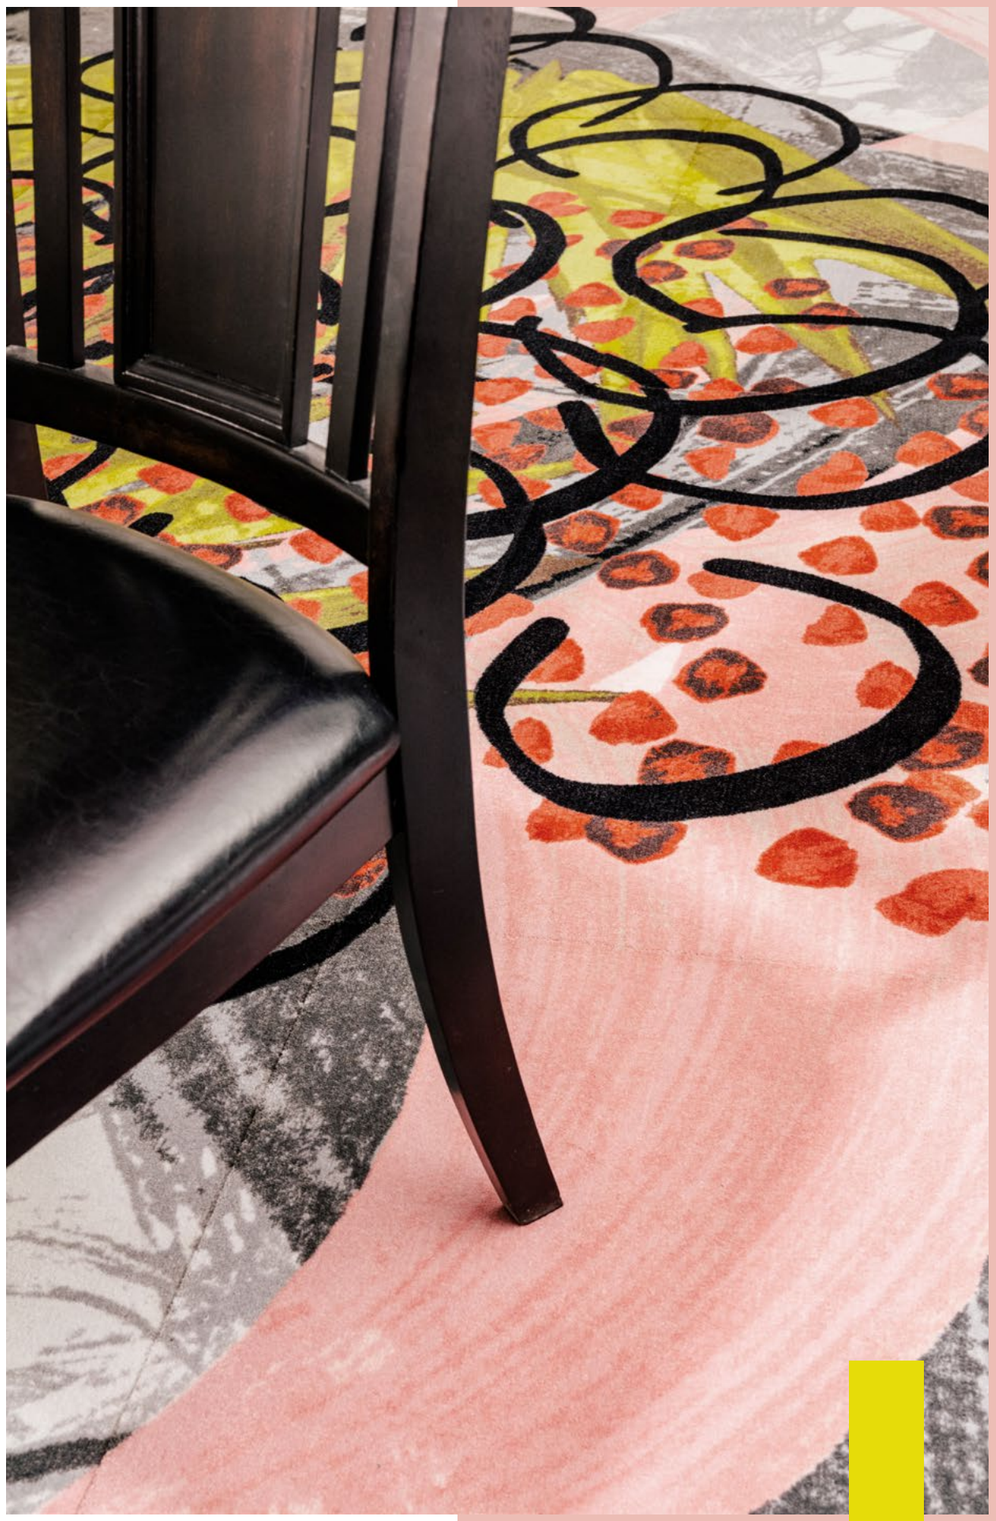

Sao Paulo

COLOURWAY

Sao Paulo captures a natural appeal with warm focal tones fused with powerfully dynamic secondary shades.

INVITING. EXPRESSIVE. DYNAMIC.

EARTHY. ORGANIC. EVOCATIVE.

CREATING A BETTER WORLD

Milliken supports the Property Industry Foundation

Milliken is a proud partner of the Property Industry Foundation, an organisation devoted to alleviating the problem of youth homelessness. The Foundation builds homes for homeless youth and provides ongoing support for homes where young people can rebuild their lives.

Homelessness is one of the most severe forms of disadvantage and social exclusion that any young person can experience. Youth homelessness affects 44,000 young Australians every night and understanding the scale of this issue, we were compelled to get involved and help in the great work the foundation is doing.

The Creo collection is part of the 'Product Pathway'. The 'Product Pathway' is a unique fundraising model created by Milliken for the Property Industry Foundation where a contribution from every dollar of sales is donated to the foundation to build homes for homeless youth. The aim of the product pathway is to provide a regular and sustainable fundraising stream and with your help, we can keep assisting the Property Industry Foundation in tackling the issue of youth homelessness.

The Foundation's mission is to make a tangible difference to the serious and persistent problem of youth homelessness by partnering with respected charities to build safe environments and support charity managed initiatives focused on education, employment and well-being.
